

BUILDING PERMIT INFORMATION

The Town of Severance has the following requirements and charges for building permits:

Requirements (to be provided at time of application):

- 1 completed Building Permit Application
- 2 sets of Building Plans
- 2 sets of Engineered Foundation Plans with signed engineer stamps
- 3 sets of Site Plans (*one no larger than 11" x 17" for the Town*);
Include all measurements and window wells/protrusions from foundation.
All corner elevations and Top of Foundation (TOF) must be elevation above sea level.
- 2 sets of Energy Code Compliance
RES Check or Energy rater reporter for <https://www.energycodes.gov/rescheck>
- 2 sets of Manual D & J report
- 1 Architectural Review Letter from the Homeowners Association

All subdivisions require engineered foundations and *most* subdivisions require a corner grade certificate prior to issuance of a building permit. Please check with Town Hall to determine if your subdivision is governed by these regulations. All subdivisions require a minimum four corner true elevations and Top of Foundation (TOF) on site plan and final site plan.

Permit (to be provided in order to pick-up permit):

Raw Water Acquisition Fee and Certificate

All subdivisions within the Town's Water District will pay water fees directly to the Town of Severance.

- *Non-Potable Dual Systems*: One-third (1/3) of the current Raw water fee.
- *Tailholt Only*: 30% of the current Raw water fee.

The developer shall bring 50% of the raw water before issuance of building permit and builder must pay the remaining 50% cash-in-lieu at time of permit.
